

## EMMAR CAPABILITY

TEAM-BASED CONSULTANCY  
AUSTRALIA-WIDE

# Confidence to grow. A team behind you.

Practical management systems, audits, mentoring and business support for owners, leaders and growing teams.

## How we help

### Personalised systems

Safety, quality, environmental and CoR processes built around how your business works. ISO readiness where relevant.

### People and customers

Mentoring, toolboxes, tender responses, prequalification and practical support with customer requirements.

### Audits and improvement

Find gaps, retain what works and improve the agreed documents, controls and processes.

### Ongoing involvement

A self-managed team supporting agreed business priorities, with planned milestones and regular communication.

Remote and self-sufficient. No extra office space required.

## A team involved in your business.

We understand your operations, people and customers, then agree priorities and a practical way forward. For ongoing clients, planned milestones sit alongside support for the issues and opportunities that arise.

### 01 Understand

What is working, what needs attention and what you want to achieve.

### 02 Agree

The work, responsibilities, deliverables, timing and fee.

### 03 Implement

Practical tools and guidance your team can use.

### 04 Improve

Review progress and keep agreed priorities moving.

### Your materials stay yours.

Materials developed for your business remain your company's property and intellectual property.
